

**VICTORIAN JOB SEEKERS - are you ready for a life-changing opportunity? NBN employers are ready to *train and employ* you to start a successful career in the NBN now!**

We are running an information session for our NBN (National Broadband Network) pre-employment program and will be interviewing interested job seekers on the same day!

The roles are civil-based telecommunication roles building the NBN. They are entry level into the Telecommunications Industry. The work is physical, some prior experience in landscaping, civil works, pipe laying, farm work, labouring, cabling or any outdoor work will be highly regarded.

To be eligible, all candidates must have a car and driver's licence, have NOT completed a Certificate III level and/or above qualification.

Successful candidates will undergo specialist telecommunications accredited training for 3 weeks and then will be inducted and undergo a drug/urine test prior to commencing training.

Jobs are in the North-Western area, 40 plus hours per week, starting rate is \$28.00 p/hour and work starts at 7am and finishes at approx. 3:30pm.

These roles will lead to a long term career in the telecommunications industry which is one of the fastest growing and most sustainable industries in Victoria.

Finally, a good attitude, a willingness to learn and working well in a team is the most important factor for success.
